The Monarch[®] Crown Series[™] 1135[®] & 1136[®] Two-Line Labelers

A second line of printing means increased efficiency for you!

Looking for versatility? Here it is! Along with crisp and clear price displays, the 1135[®] and 1136[®] Labelers offer you an important second line of printing.

Increase your efficiency by using these 6 to 8 additional characters for...

- comparison pricing
- date and time coding
- product identification or coding
- inventory tracking and much more

With the 1135[®] Labeler you can do price comparisons for items under \$100. The 1136[®] Labeler can handle even higher amounts plus all of your simple codes.

Larger rolls of labels eliminate costly downtime. Simply dial the information you want to print then click and stick. Every item will feature a crisp, clear and easy-to-read price image plus the important information you want to gather.

For extended use, these Labelers are lightweight and comfortable. Labels load easily with very little waste and ink rollers can be replaced just as quickly. Pop-out the old one and snap in a new one with no mess! There's even a viewing window on the side to let you know when you're running low on labels.

Built to last, the Monarch[®] 1135[®] and 1136[®] Labelers feature tough ABS plastic construction and fewer moving parts.

When you need more information that's not just a price display, the 1135[®] and 1136[®] Labelers should be your first choice!
